# MEDIASIAN: AN ASIAN PERSPECTIVE ON INTERNATIONAL MEDIATION

TUES, 3 NOVEMBER 2020  
4:00-5:20PM (KST)

Mediation is making inroads as an "Asian" way to resolve disputes. Mediation's rise has been fuelled by factors like growing cross-border trade, the ground-breaking Singapore Convention on Mediation and most recently, the COVID-19 pandemic. In this high-powered webinar, join our international legal experts from Singapore and Korea as they discuss the promise and potential of international mediation in Asia, including the changes and challenges that will reshape how businesses in the region resolve disputes.
