

Inaugural ENERAP Korea Seminar (In person) “Recent Trends in Gas Pricing Disputes”

Description

The Korea chapter of ENERAP (Energy Related Arbitration Practitioners), together with Peter & Kim, is delighted to host its inaugural event, “Recent Trends in Gas Pricing Disputes”. As one of the world’s leading consumers of LNG (liquefied natural gas), Korea is poised to take center stage in the future of pricing disputes arising out of long-term LNG supply contracts. This event will bring together leading experts to discuss the latest trends and developments in gas pricing disputes in Korea and around the world. Speakers from Geneva, London, Singapore, and Seoul will be present in person at the conference.

Light breakfast pastries and coffee will be served, sponsored by FTI Consulting.
